Leron,

This is the email invite that I was referring to during staff meeting that showed the meeting at 5pm. Please look in the subject line where it says 5-6pm and again in the body of the email.

Dan, did you notice this? I see in the "when" it shows 9am, but we might want to clarify with attendees.

Kaylee

Dan,

Apparently there was some confusion in the notice that went out for your tour operators meeting on Sept. 9th. At one place it says the meeting is at 10 a.m., but at another it says 5 p.m. Could you send out a clarifying notice to everyone?

Thanks,
Leron

Hi everyone,

There apparently was some confusion with this calendar invite. Our "post mortem" meeting w/ tour operators will be on WEDNESDAY SEPTEMBER 9TH at 10:00 AM.

The meeting will be at the Hollywood Chamber of Commerce.

Please let me know if you have any questions.

Thanks!

Ana, per the emails this morning, I think someone is coming out later today to inspect. DWP has confirmed the leak is coming from Beso's private property so they will have to have someone fix it. They have been in touch with Linda regarding any coordination needed re: WOF.

Hello everyone,

I hope you all had a nice summer. Please join the office of Councilmember Mitch O'Farrell, District 13, and other City departments at a "summer recap" meeting of tour operators who utilize the Hollywood area.

The meeting will feature a discussion of the parking restrictions on Hollywood Boulevard and Hawthorn Avenue that were put in place this summer. We will be discussing the program's efficacy and how to improve coordination between City departments and tour operators.

All tour operators in Hollywood are invited and strongly encouraged to attend. Please RSVP to me as soon as possible if you would like to join us for this meeting.

It depends where the leak is coming from. Even if it's underneath the sidewalk, if it is originating from private property's lateral, it is private property's responsibility. Lissa, did LADWP provide a diagnosis of the problem when they contacted you today? (Other than simply stating it was on private property)

If the leak is coming from the private side of the meter, then it is the property owner's responsibility.

Good morning,

LADWP just called me again, and again confirmed that the issue is originating from private property. Apparently there is (or just was) another guy from LADWP on site who was apparently taping a notice, stating the same thing, on the front door at Beso. I just got off the phone with them.
